Further to the theoretical model based on empirical analysis of selected data of Chinese listed companies. from both theoretical and empirical proof of investor sentiment on corporate investment behavior. (2) based on the theory of behavioral finance. were constructed econometric model of investor sentiment affects corporate investment and corporate non-efficient investment growth. not only with the panel data to verify the impact of investor sentiment on the SME board listed company investment behavior. and further discussed by investor sentiment affect corporate non-efficiency investment growth. deepening investor sentiment on the...

Reviews

The book is fantastic and great. I have got read through and i am confident that i will planning to read yet again once again in the foreseeable future. I found out this book from my dad and i recommended this publication to discover.

-- Prof. Nicole Zieme

Without doubt, this is actually the best job by any publisher. It is writter in basic phrases instead of difficult to understand. You will like the way the author publish this publication.

-- Dr. Marvin Deckow
